## 1.0 Findings and Conclusions

Based upon its review of the exhibits and records of the proceedings, the Board found and concluded that:

- 1.1 The site is located in the East Acton Village Zoning District and Zone 4 of the Groundwater Protection District and the proposed USE is allowed in both Districts at this time. The Building Trade USE (3.5.14) has limited protection by Bylaw § 8.5. The Town of Acton has proposed zoning changes for consideration for Annual Town Meeting which will prohibit Building Trade Shops in the East Acton Village. If the Building Trade shop is not commenced and completed in a timely manner as prescribed by Bylaw § 8.5 it will not be allowed.
- 1.2 The site is subject to Site Plan Special Permit # 03/19/97-358 amended. Site Plan Special Permit # 03/19/97-358 amended remains in full force and effect except as herein amended.
- 1.3 The Bylaw requires the site include a sidewalk along the entire frontage. The Board may also require other walkways and paths as it deems necessary to accommodate the safe movement of pedestrians and bicyclists. A sidewalk was constructed by Mass Highway along the entire frontage of Great Road. A sidewalk does not currently exist along Brabrook Road frontage. The Plan revised as of February 6, 2004 shows a sidewalk constructed between Brabrook Road and Great Road along the interior driveways. In order to promote the village atmosphere the Board finds a sidewalk must be provided from Brabrook Road to Great Road. The sidewalk must be constructed by the Applicant.
- 1.4 The Plan provides for trees to be planted in the layout of Great Road. Mass Highway has granted permission for the trees by letter dated February 4, 2004. If in the future the trees are removed by either Mass Highway or the Applicant an equal number and size of trees shall be located on the site.
- 1.5 The Plan shows a sign located in the layout of Great Road. The plan shall be revised to remove the sign from the layout. All signage shall comply with the Bylaw.
- 1.6 The Plan as herein modified:
  - Will protect the neighborhood and the town against seriously detrimental or offensive USES on the site and against adverse effects on the natural environment.
  - Will provide for convenient and safe vehicular and pedestrian movement and that the locations of driveway openings are convenient and safe in relation to vehicular and pedestrian traffic circulation including emergency vehicles, on or adjoining the site.
  - Will provide an adequate arrangement of parking and loading spaces in relation to the proposed USES of the premises.
  - Will provide adequate methods of disposal of refuse or other wastes resulting from the USES permitted on the site.
  - Is consistent with the Master Plan.
  - Is in harmony with the purpose and intent of this Bylaw.
  - Will not be detrimental or injurious to the neighborhood in which it is to take place.
  - Is appropriate for the site and complies with all applicable requirements of this Bylaw.

Therefore, the Board voted 5 to 0 to **GRANT** the requested Site Plan Special Permit subject to and with the benefit of the following Plan modifications, conditions and limitations.
